What has been going on in school:

- Year 6 explored light in Science by conducting an experiment where they cut various shaped holes in card and tested the effect of shining a torch through them at different angles.
- Year 3 children have showcased their flair for storytelling, creativity, and clear expression by entering the BBC 500 Words competition.
- Year 5 have started their new book this week called Cosmic! As part of their immersion, they have created their own rollercoasters to be part of their own theme parks, just like the exciting ride the main character Liam rode!
- Year 1 have been exploring features of our local area using an aerial map.

St Anne's continues to be a good school. Pupils are happy and positive about being a part of this school. They settle in well when they start in early years. Pupils spoke enthusiastically about visits and trips to activity centres, the theatre and the orchestra.
