Maths

- Addition and Subtraction
- Place Value (to 50)
- Length and Height
- Mass and Volume

Ongoing:

- Counting
- Addition and subtraction
- Number Bonds

Characteristics of Learning

Perseverance

Listening

Team work

Kindness

Wow Moment!

At the end of Spring 2 we will be having a fairy tale day. The children will come into school dressed as a character from their favourite fairy tale. We will be doing lots of fun activities based on tales and sharing lots of great stories.

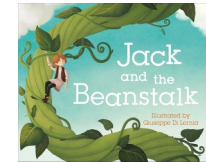

Homework and Reading

Please make sure children continue to complete their homework and reading books each week. These should be returned no later than Friday.

English

This term we will be looking at two high quality texts. The first is The Smeds and The Smoos. During this unit we will be continuing to develop our sentence writing skills and building on our understanding of word types. The children will begin to identify and use a range of verbs in their writing. We will then be moving onto Jack and the Beanstalk. We will continue working on developing our writing and building our skills.

DT

Moving Story Book

In DT this term our end product will be a moving story book.

Children will be learning about mechanisms; using bridges or guides to control the movement.

We will then use these to design a moving storybook for a given audience.

Science

Comparing Animals

In Science we will be looking at a variety of common animals (including fish, amphibians, reptiles, birds and mammals). We will be looking at the main body parts of common animals (arms, legs, wings etc), as well as looking at the different feeding habits of animals.

Religious Education

Easter

During this term, we will be looking at the Easter story and why this is such an important story in the Bible. We will be looking at the connections between Easter and the new life of spring and will discuss why Christians believe Easter is a new beginning.

Music

Timbre and Rhythmic Patterns

Through fairytales, we will be looking at the concept of sound patterns (rhythms). We will learn how to clap along to repeated words and phrases, creating rhythmic patterns to tell a familiar fairytale.

Phonics

We will be working on Basics 5 before re-capping all of our previous learning. The children will be working on segmenting and blending. This is in preparation for the Phonics Screening in summer.

SUPERSONIC
Phonic Friends

Physical Education

In PE this term we will be building our basic skills. We will be doing a range of different activities. The children will be focusing on their fundamental skills. We will also be covering some dance.

Children should have a St Anne's PE kit in school which will be sent home at the end of the half term.

Geography

What is the weather like in the UK?

During this term, we will be learning how to identify and locate the four UK countries and describe locations using basic compass directions.

We will learn how to measure different types of weather; using symbols used in weather forecasts.

We will also learn how to describe seasonal changes and make suggestions of appropriate clothing and activities for each season.
