Maths

Place Value: Pupils will look closely at numbers to 100. They will learn to read and write these numbers as words and numerals. They will then look at how numbers are made up of tens and ones, using a variety of practical resources. They will use < > and = to compare the size of numbers and look at ordering them in size.

Addition and Subtraction: Pupils will learn how to add and subtract ones and tens from a 2-digit number, using practical resources, visuals and mental strategies.

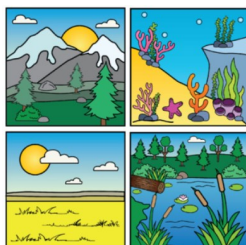

Ongoing- Counting in 1s, 2s, 5s and 10s.

Science

Habitats

Pupils will look at life processes, giving examples of how they apply to plants and animals. They will match different plants and animals to their habitats and talk about how animals use their habitat for food and shelter. They will start to create simple food chains.

Characteristics of Learning

Perseverance

Listening

Team work

Kindness

Wow Moment!

We will be going to AppleCast Farm to see the animals, linking it to our Science topic.

Geography

Would you prefer to live in a hot or cold place?

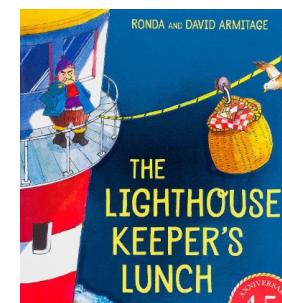

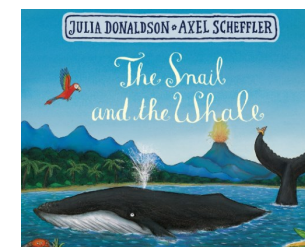

In this unit, we will be exploring hot and cold places. Pupils will start by learning the seven continents of the world, locating the North and South Pole and the Equator. They will find similarities and differences between the UK and Kenya.

English

The Snail and the Whale- In this unit, we will recap learning from Year 1 on nouns and writing starter sentences. Children will write a postcard from the snail describing their adventures, using lots of nouns and adjectives.

The Lighthouse Keeper's Lunch- In this unit, we will continue to look at nouns, but focusing on 'proper nouns', for example: names of people/places, which need a capital letter. They will start to develop their knowledge of verbs by retelling one of the days in the story.

Art

3D Sculpture

Year 2 will start by exploring how they can use their hands to manipulate clay. They will learn key skills such as: rolling, impressing, cutting and scoring. They will design and make their own 3D house tile.

Religious Education

Why are sacred texts so important to people of faith?

In this Quest, Year 2 will develop their knowledge and understanding of the importance of holy books in the lives of people of faith. They will look at the Bible, the Qur'an and the Guru Granth Sahib.

Worship Rota

Monday	Class Worship
Tuesday	Collective Worship
Wednesday	Rev. Andrew
Thursday	Celebration
Friday	Class Worship

Homework and Reading

Reading Books— Please bring in on Monday and Thursday to be changed.

Homework— To be sent home on Friday and to be returned the following Thursday.

Spellings— To be sent home on Friday and Spelling Check to take place the following Friday— please practice at home.

Computing

What is a computer? - Year 2 will learn about the different components of a computer and how they work. They will look at how computers are used in the wider world.

Algorithms and De-Bugging— Children will learn how computers make predictions. They will learn how to set their own instructions and learn about how 'abstraction' is removing any unnecessary detail to solve a problem.

Phonics

We will be recapping our phonics learning from Year 1. We will be learning about alternative spellings for the same sounds. We will also be practicing our

SUPERSONIC
Phonic Friends

Physical Education

Mrs. Marshall will deliver our PE this term on a Thursday.

Fundamental Skills— Year 2 will focus on key skills such as running at different speeds, changing direction, dodging, balance, jumping and landing safely.

Fitness— Year 2 will learn about what it means to keep our body 'fit'. They will learn how to move for longer periods of time, working on their stamina.

They will develop co-ordination skills by learning how to skip with a rope.

Please ensure correct PE kit is in school.
